INSPIRED LIFESTYLE

Would you like to be seen on a global level by creating your own commercial in the form of a mini-tv show? We have a unique opportunity for you to be seen and heard and put into the spotlight on our main stage! We'll film in-studio or on location, with our NY production team who will travel anywhere. You can even be the host of your own tv show!

This production model is based on the BRAND INTEGRATION model of advertising that is used by major network tv shows such as the TODAY SHOW (NBC), GOOD MORNING AMERICA (ABC) and GOOD DAY NY (FOX5 NY).

In this model, the guests sponsor their own segments that are produced by the tv shows in which they appear.

From Local to Global will outline a creative and seamless integration model for THE MAG INSPIRED LIFESTYLE (TMLTV) that is very cost effective and can be sponsored as a customized opportunity.
